

On 6th of July 2017, 18:47 my urgent call to the Chairperson of the UNESCO World Heritage Committee Jarek Purchla, who will have to decide on the World Cultural Site of Hebron, including the burial site of my father Abraham, Isaac and Jacob tomorrow on 7.7.17, went out to several key individuals in the UNESCO Organisation.

[Mechthild Rössler](#) - DIRECTOR OF HERITAGE DIVISION & DIRECTOR OF THE WORLD HERITAGE CENTRE

[Lazare Eloundou Assomo](#) - Deputy Director - World Heritage Centre (CLT/HER/WHC)

[Laurence Duwyn-Estrade](#) - SENIOR ASSISTANT

[Richard Veillon](#) PROJECT OFFICER

Further below is the letter to Mr. Purchla, available for anybody, but especially for those, who have a familiar interest and lawful property rights as descendant of Abraham, Isaac and Jakob - regardless where they live, what nationality they have or what they believe. Everybody who currently wonders, how it can be, that the Machpela Cave shall become an Palestinian Heritage site is asked to back up Ephraim's claim to the Grave of his Fathers. Millions of reawakened Israelites and the Jewish people in the Land of Israel have to stand up now and join forces for the sake of our inheritance, given by God Almighty to the children of Israel.

Besides the personal belief of countless millions of Christians in the New Testament Jesus, the legal rights and claims to the grave of Abraham, Isaac and Jacob, are solely determined with the Torah of Moses and the Prophets, who clearly say, that Ephraim is the firstborn son of God - the human descendants from Jacob and Rachel's son Joseph - in Jeremiah 31.9 the God of Israel says:

**I am Israel's father, and Ephraim is my firstborn son.**

**These prominent individuals guarantee the Human Rights of Ephraim, trust in ONE God and swear by the Word of God - The God of Israel**
