Minister at the World Outreach Church, former Exec Director of the ICEJ 2000-2011

Murfreesboro, Tennessee, USA

Hello Malcolm,

After I put up my true story of „[Ephraim in the ICEJ](#)“, you should at least hear from me personal, what the problem of your theology is and how through you - a spirit of lies entered the ICEJ, which effected the world-wide relationship between the Jewish People and „the Church“. 16 years after the infiltration of your Theology into the Embassy to bring Ephraim and myself in disrepute, it becomes more and more evident, that you were totally and completely wrong and it will be time to admit it publicly.

As the Father in Heaven is interested in a real solution for a peace between the Synagoge and the Church, you should really listen and my prayers are, that you repent and help with our Return to Zion. Totally publicly, legal and as Ephraim.

If you feel lead to send us a downpayment for the damage you have caused with your words, actions and theology, feel free to redeem us and let your name live on Mt. Zion.

And don't be shy.
