Hello Donald,

Hag Sameach 5779 to you and your family and great nation USA under one God.

By 9/11 - 1pm a set of Final Settlement Judgements of all attached D-U-N-S Numbers should have been on the desk of David De Rothschild in Paris as my obligations as heir of Israel, who holds the Key of David.

According to the 2 + 4 Contract from 12 September 1990 about the final settlement in regards to Germany, a final agreement has to be reached for Germany and as I understand the Potsdamer Agreement correctly, this final agreement has to include a total demilitarization and a German nations, who never will learn war again, as it is written on a wall next to the UN HQ in your beautiful home town New York from Isaiah 2.3 - let's turn the swords into plowshares.

In my letter to David Friedman in your US Embassy in Jerusalem from 30 July 2018, I asked for active help on the basis of the Religious Freedom Act from 27 January 1998 (I attached a

copy with my remarks), while at the same time told him, that the only person in Europe you should talk to is me. Due to the current situation here in Harsewinkel (AfD Alice Weidel plus another MdP is from Harsewinkel, as well as machine producer Claas, as well as media mogul Bertelsmann) I really need help from outside.

As I carried the debt of the world and I am the scapegoat you need to forgive the sin of your land (USA; Germany, Israel) and the world on one day as written in Zechariah 3.9 and you swore legion to the child (nice Christmas speech Isaiah 9.5) I send you \$1 for your totally and completely bankrupt Fiat Money US Government Inc with our lucky number 777 at the end and call it even.

19. September 2018 we have Yom Kippur and you, me, our families, our nations and people need a true and sincere Day of Atonement, where we can cleanse us from all our sins before God and thank Him alone, that He elected us before the foundation of the earth to do His will.

As I doubt, that this package will reach you before Yom Kippur, but the Feast of Tabernacles comes up and you signed up in pre-election with my friend Susan Michael from the ICEJ in Washington, perhaps you can stop by in Harsewinkel (Military base around the corner for Air Force ONE to land) and pick us up on the way to Jerusalem, where we can settle all accounts.

Day 2300 of Daniel 8.14 is counted out for the 19th anniversary of 9/11 2020, three weeks before your re-election, when we open up the House of Prayer for all Nation in Jerusalem. (David Friedman held up a nice picture on 23.5.2018, Thanks).

With the same mail a full package of documentation is leaving for Benjamin Netanyahu, Reuven Rivlin, Chief Rabbi David Lau and High Court Justice Esther Hayut. I sent the full development of the Ephraim Fable from 18.5.2000, when I started out in Jerusalem up to 29.8.2018 and the New York Times Headline "Pope Francis has to step down" (the beast has to be grilled in the media, after they pay license fee for the truth)

Please forward the final settlements to Mike Pompeo and Nikki Haley, your super awesome team and bring them along for the ride.

Over the next two years, Germany, Israel and the USA, America and Europe will become ONE and the center of power will move from Rome to Mount Zion.

---
